Definitions

- **FTD:** Fixed Term Deposit.
- **Interest Rate:** Fixed rate of interest that will apply to your FTD.
- **Lloyds Bank/We/Us/Our:** Lloyds Bank plc.
- **Maturity Date:** Date that all monies due are paid into your Nominated Account.
- **Nominated Account:** A current account you've chosen to use for transfers from/to your FTD. It must be in the same business name as your FTD. This can be held with another bank, at Our discretion.
- **Principal:** Amount of money paid into your FTD when it's opened.
- **Value Date:** Working day that we receive cleared money from you.
- **Working Day:** Any day (excluding Saturday and Sunday) when the banks in London are open for business.

Key Features

- This Account allows you to deposit money for a set time period of your choice up to two years. You won't be able to add or withdraw money from the Account during your chosen period.
- Available in Sterling (GBP), Euro (EUR) and US Dollars (USD). Other currencies may be available on request.
- The Interest Rate is fixed.
- For deposits with a term of less than one year, the Principal and any interest are paid to your Nominated Account on the Maturity Date.
- For deposits with a term of more than one year, We'll pay interest on an annual basis. The Principal and any remaining interest will be paid to Your Nominated Account on the Maturity Date.
- If you have access to Online for Business, you can view and service your FTD online (GBP only).

Benefits

- Tailored to suit your needs.
- You'll earn a fixed rate of interest.

Risks

- You can't cancel a FTD or make any withdrawals prior to the Maturity Date. This means that your financial position must allow you to be able to cover any cash flow needs you may have during the fixed term.

How to open your Account

- To open a FTD, you can apply online in Online for Business. Go to: lloydsbank.com/business/logon Or you can call your Lloyds Bank representative.
- You'll need to have a separate Nominated Account which must be in the same business name as your FTD.
- A Trade Identification will be provided for your new FTD.
- No more money can be added once your FTD is agreed.
- More than one FTD can be opened.
- A confirmation will be sent to you for each FTD that you open with Us. This will confirm the Interest Rate, Principal, Value Date, Maturity Date and the Interest amount due at maturity.
- No statements will be issued.

- The FTD starts from the agreed Value Date. You must have money available on this date. A delay in the receipt of money may result in a loss of interest on your FTD.
- On the Maturity Date, We'll transfer the Principal and any interest to your Nominated Account. This instruction can be changed prior to this date. Any instructions received on or after this date won't have any effect.
- Options of how to change instructions prior to Your Maturity Date, including alternative terms available, can be done via Online for Business or by calling Your Lloyds Bank representative.
- Alternatively, You can opt in to have the final balance on your FTD automatically reinvested into a new FTD for the same duration. In this case, your new FTD will be placed at the prevailing market Interest Rate on the Maturity Date. Remember that Interest Rates can go down as well as up.

Important Information

- Your FTD is subject to Us receiving all necessary documentation and carrying out internal checks.
- We reserve the right to reject an application.
- Terms and Conditions apply which you should read carefully. Go to: www.lloydsbank.com/commercialbanking_deposit_termsofbusiness
- Interest on your FTD is paid gross with no tax deducted.
- You're responsible for making sure that payment is made to the relevant revenue authorities for any tax liability due in respect of your FTD. However, We reserve the right to withhold tax from any amount that We pay to you.
- We may occasionally be required to report details of any information We hold about your Account to regulatory or other authorities. We reserve the right to do so without any further notice to you.

Additional information

Fixed Term Deposit.

A fixed rate of interest will apply to your Account.

The below table shows the Interest Rates currently available on some of Our standard Fixed Term Deposits.

Term	Gross Rate p.a.	AER

The Interest Rates stated above are available for businesses with an annual turnover up to £25 million. If your turnover exceeds this, please contact your Lloyds Bank representative for relevant rates.

These Interest Rates stated above were set on but may be subject to change.

More information on Our Interest Rates is available on Our website. Go to: www.lloydsbank.com/business/savings

We only display standard terms online for Fixed Term Deposits. If you would like to apply for bespoke term lengths or you need specific start and end dates for your deposit, please call us on **0345 305 5555**. We're available 8am to 5pm, Monday to Friday.

When We calculate the interest, We look at how many days there are in a year for the currency you choose. For example, if you choose Sterling (GBP), We assume that there are 365 days in a year. If you choose Euro (EUR) or US Dollars (USD), We assume that there are 360 days in a year. We then divide the number of days in your FTD by the number of days in a year for your currency. This gives us a fraction that We use to multiply the Interest Rate and the amount of money you deposit.

Interest is paid at the end of the agreed term.

AER – The AER stands for Annual Equivalent Rate and is the notional rate which illustrates the gross rate as if paid and compounded on an annual basis. As every advert for a savings product will contain an AER you'll be able to compare more easily what return you can expect from your savings over time.

Gross Rate – Gross rate means that no tax will be automatically deducted from interest on your behalf. You are responsible for paying any tax due to HM Revenue and Customs. Whilst the Gross rate quoted is the annual rate of interest, please note that the duration of your deposit will affect the amount of interest that you're paid.

No. The Interest Rate is fixed for the term of the FTD.

An illustration of an estimated future balance based on a range of terms is shown below.
