Help with queries

If at any point you think we've charged you the wrong amount, please speak to your relationship manager. If we can't resolve your query there and then, we will acknowledge it within five working days and sort it out as soon as possible. Then, if we agree we've made a mistake, we will refund the money.

As the law stands, most banking services are exempt from VAT. If the situation changes, then we will add VAT at the appropriate rate.

Keeping your charges low

Services that cost us more to process are going to cost you more to use; for instance, writing and accepting cheques. So here are some ways to cut the cost of day-to-day banking.

Go online

You can save money by using Online for Business, our Internet Banking service, to make direct payments to suppliers or staff. This online service lets you pay bills, transfer money, check account balances, set up and amend standing orders, view and cancel most UK Sterling Direct Debits, and print out statements. Online for Business is open 24 hours a day, seven days a week, every day of the year.*

Pay by UK Sterling Direct Debit

Why not make regular Sterling payments within the UK, such as phone bills or National Insurance contributions, by Direct Debit rather than by cheque? As Direct Debits made in Sterling within the UK are a cheaper option, the savings will soon add up over a 12-month period.

Get cash with your card, not a cheque

Instead of cashing a cheque, use your Business Debit Card[†] in a Lloyds Bank, Bank of Scotland or Halifax cash machine to get cash – it's free of charge. And when you opt for our Electronic Business Tariff, all Business Debit Card transactions are free.

* Occasionally we may need to carry out essential maintenance to Online for Business, resulting in some interruption to the service.

† Business Debit Cards are subject to application.

Pay less often

If you switch your monthly UK Sterling Direct Debits to quarterly or annual payments, you could save money. And why not arrange to pay suppliers monthly instead of weekly? You could also cut your costs and theirs by using Bacs Direct Credit or Telepay.

Cut the cost of paying in

If your cashflow's healthy, wait until you've got several cheques before paying them in together as a single credit. Remember you are charged for every credit that you use, so paying in several cheques together rather than one by one means that you only get charged for one credit.

Accumulate any spare cash that you're going to re-use soon and keep it in a safe at your business premises. Re-using £100 cash each week could save you money in bank charges over the course of the year – but don't forget to record all your earnings and make sure you don't exceed the cash sum that your insurance policy allows you to keep on the premises.

Get your customers to pay automatically

Customers who pay you regular amounts may be happy to use automated credits like standing orders. Even one-off payments could be cheaper for both of you through Bacs, Telephone or Internet Banking.

Keep an eye on your money

Check up on your finances with our Internet or Telephone Banking, or free Text Alert services. We'll send free text messages to your mobile phone, showing your account balance and the last six transactions – once a week or every day if you need it.

Agree borrowing up front

If you need to borrow money, even for a short time, make sure you talk to us first to avoid extra charges for unauthorised borrowing.

Choose the tariff that best suits your business

How do you use your business account?

- Our Business Extra Tariff provides a set price for each of your basic account transactions.
- Or you may prefer our Electronic Business Tariff, which includes lower charges for electronic or automated transactions.

We don't pay credit interest on our Business Extra, or Electronic Business Tariff accounts. Talk to your relationship manager if you're unsure about which tariff is best for your business.

Business Extra Tariff

With our Business Extra Tariff, you pay a set price for basic transactions. All charges and interest are calculated monthly, from the 10th of one month to the 9th of the next. The first regular invoice you receive following each charging period will show any account transaction charges you have incurred and these will be collected 18 days (or the next working day) after the date of the invoice.

Your monthly statement will show any debit interest that is payable to us and this will be collected on the 9th of the following month (or the next working day) after the statement.

If there are charges to pay but you're not due a regular statement, we'll send you an extra one free of charge.

Electronic Business Tariff

On this tariff, you can keep charges low with free transactions including Debit card payments, UK Sterling Direct Debits, Standing Orders and Internet payments.

Clerical administration fee

We are happy to discuss your day-to-day banking activities without charge. However, if we spend a significant amount of time on a specific area not covered in this brochure, we may charge a fee. In all cases this will be agreed with you first.

Using other banks

Other banks sometimes charge us when you use their counter services. In turn, we may pass these costs on to you. Your branch will be able to tell you which banks charge and why.

Inter-Bank Agency Agreements are arrangements between banks to provide a range of branch counter services to another bank's customers by prior arrangement.

They provide a convenient service to business customers who find the accessibility of their own bank's branches difficult – for example due to location.

* VAT is 20% as at 4 January 2011.

Other service charges for all tariffs (continued)

How do they work?

The nature and range of the counter services offered under an Inter-Bank Agency Agreement is at the discretion of the providing bank.

Once the service is set up, Lloyds Bank will claim back charges from the customer's own bank on a quarterly basis. The additional charge, if any, made by the account-holding branch is negotiated with their customer.

The Counter Services available at Lloyds Bank branches are as follows:

- Cash transactions
- Cheques paid in
- Bank Giro credits
- Wages/salary cheques cashed
- Night safes
- Special presentations (cheques)
- Returned cheques collected.

While we wish to be as helpful as possible, there may be local circumstances where we are unable to provide this service.

Other services

Some charges may not be included in your pre-notification. If this is the case, we'll call or write to tell you how much the service will cost, before we provide it.

International services

If your business imports or exports goods and services, we have a range of international services to support your business.

To find out the details of our service charges, please speak to a relationship manager or see our Commercial Banking International Services tariff.

Business Debit and Cashpoint® Card charges

If you use another bank's ATM, some providers may charge you a fee for using their machines.
All other Business Debit Card transactions	2.75% non-sterling transaction fee.

All charges are per transaction unless stated otherwise.
The fees above only apply to the Business Debit and Cashpoint® Cards.
Separate fees apply to all other card products. Please refer to your relationship manager for details of these charges.

Charges when you borrow

If you need additional funding for any purpose or period, please talk to us first to avoid paying unauthorised borrowing charges. Once we've agreed your requirements, we'll write to let you know the interest rate, when it's charged and the fees payable. In the case of an agreed overdraft, the limit, review date and current interest rate will be shown on your statement, and we will give you written confirmation of the terms at the time they are agreed. Please ask your relationship manager for further details of the interest rate and fees that apply to our borrowing facilities.

Typical charges include:

- An arrangement fee which is dependent on the amount you borrow.
- A management fee might become payable if your business requires specialist support if concerns were to arise regarding your trading performance.
- Security fees.
If required, we will arrange security against your borrowing. Your relationship manager can provide an estimate of the fees and expenses which may be payable in a given situation. You will also be required to pay expenses and fees which we may incur, such as:
 - Solicitors' and/or valuation fees
 - Expenses in connection with enquiries made about the security subject
 - Fees payable to register the security.
- Early repayment charges may apply on fixed rate loans, on any amount you repay in addition to your agreed repayments*.

ANY PROPERTY GIVEN AS SECURITY WHICH MAY INCLUDE YOUR HOME, MAY BE REPOSSESSED IF YOU DO NOT KEEP UP REPAYMENTS ON YOUR MORTGAGE OR OTHER DEBTS SECURED ON IT

All lending is subject to a satisfactory credit assessment and we will need your permission to carry out a credit check on you and your business. You should not apply for an amount that you cannot comfortably afford to repay now and in the future to avoid the possibility of legal action.

*There is always a possibility that interest rates may go down leaving a fixed rate loan at a higher level compared to a variable rate loan. However, if interest rates rise, a fixed rate loan will remain at the same rate. Break costs may apply upon full/partial early repayment of the loan. These will be calculated based upon the loan rate compared to market rates at the time of repayment. These may be substantial.

Unauthorised borrowing

If you overdraw your account or exceed an overdraft limit without prior agreement, you'll be charged a higher rate of interest on this unauthorised borrowing. The rate is displayed in all branches and on our website at

lloydsbank.com/business/commercial-banking/rates-and-charges.asp

Because of the additional work involved in monitoring your account, we may also charge the following fees:

Unauthorised Borrowing Fee	Charge
The first time you overdraw your account or exceed your agreed limit with us by £50 or more, an Unauthorised Borrowing Fee (UBF) is chargeable. After that, the UBF is chargeable every time you increase your unauthorised borrowing by £50 or more from the previous day's closing balance unless a higher limit is agreed with us, or until the account is within its existing limit or in credit.	£15 (one charge per day, maximum)
Unpaid item	Charge
Where you do not have enough money available to make a payment and we do not agree to extend an unauthorised overdraft, you will not be able to make that payment. We will write to let you know and will charge the following fee for each item we do not pay.	£25 for each item not paid

We'll contact you every time we return an item unpaid. Any unauthorised borrowing or return item charges will be accrued into one lump sum and charged on a monthly basis.

Our service promise. If you experience a problem, we will always try to resolve it as quickly as possible. Please bring it to the attention of any member of staff. Our complaints procedures are published at lloydsbank.com/business/contactus
