

Mayfair Private Banking Service – a guide to our charges

This guide explains the main fees and charges for services for your Mayfair personal account(s) and debit card. For rates that apply to your Mayfair accounts, please see the 'Mayfair Current Accounts – Rates of interest' leaflet. If we offer a service not covered here, or we make any changes to our fees, we'll let you know before charging you.

For the latest information go to: lloydsbank.com or get in touch with your Private Banking Manager.

Monthly account fees

- We take monthly account fees at the end of your monthly charging period.
- We make most other charges when we provide the service.

We take some fees after we provide the service.

Monthly charging period

- Runs from 10th of one month to the 9th of the next month.
- If these days fall on a weekend or bank holiday, we'll extend the period to the next working day. We'll then reduce the following charging period. This means that charging periods can vary in length.
- If you open, change or close an account with a monthly account fee part way through your charging period, you'll only pay for the time you've had it.

Everyday transactions

- No charges for everyday transactions if you keep your account in credit or within your arranged overdraft limit.
- Charges may apply for events like using your card to withdraw cash or make payments in a foreign currency.

Mayfair Private Banking Service Relationship Fee

- The fee is for access to a dedicated Private Banking Manager and a range of banking products – depending on status and application.
- Covers all associated Mayfair bank accounts. This includes personal, joint, partner or spouse accounts you've agreed with your Private Banking Manager.
- Fee collected from an agreed account and debited monthly in arrears unless otherwise agreed.
- Waived for clients who subscribed to the Mayfair Asset Management Service before its transfer to Schroders Personal Wealth on 1 June 2019.
- Waived if you only have a Club Lloyds Mayfair Current Account.

If you hold a Club Lloyds Mayfair Current Account and a High Interest Cheque Account or a Club Lloyds High Interest Cheque Account (HICA accounts), you'll pay the Relationship Fee – unless we agree to waive this, as shown here:

Relationship Fee

£300 p.a. Or £25 per month

LLOYDS

Club Lloyds

- £5 monthly Club Lloyds Account fee – waived for Private Banking clients.
- For the Club Lloyds Mayfair High Interest Cheque Account, the fee is charged and refunded on the same day.
- For the Club Lloyds Mayfair Current Account – we don't charge the fee.

Borrowing from us

An 'arranged overdraft' is where, as part of our overall service, we're willing to lend you money through your current account:

- Lloyds Bank plc is a responsible lender, so an arranged overdraft depends on status and application. You must be over 18 to apply. How much we lend depends on our assessment of your needs, your personal circumstances and what you can afford to repay.
- An arranged overdraft is repayable in full on demand.
- Please get in touch to talk about your needs or if you think you could have any financial difficulties.
- Please see Section F in the Mayfair Private Banking Service Terms and Conditions for more about overdrafts.

Overdraft charges and interest

- We'll charge interest if you use an arranged overdraft.
- We could refuse to make a payment if it would take your account overdrawn or over your arranged overdraft limit.
- We won't charge you for refusing or trying to refuse your requested payments, but this may impact your credit score.
- We'll continue to charge arranged overdraft interest for your use of an arranged overdraft if any fees or payments will take your account above your arranged overdraft limit.
- We won't charge you if we allow you to go into an unarranged overdraft, but this may impact your credit score.

For our current interest rates, please see the 'Mayfair Current Accounts – Rates of interest' leaflet or speak to your Private Banking Manager.

Avoiding refused payments

Where you don't have enough available funds to make a payment – and we don't agree to grant or extend an arranged overdraft – you won't be able to make that payment. We'll write to tell you we've declined your request.

To avoid refused payments:

- Deposit cleared funds into your account by 2:30pm (UK time).
- Make sure there are available funds to fulfil standing orders the day before they're due. We pay these at the start of the due date, or if it's a non-working day, we'll pay it on the next working day.
- Move any large payments that are due to a time in the month when you have more money.

You can check your balance using any cash machine, online banking, the Mobile Banking app or by contacting your Private Banking Manager.

Avoiding arranged overdraft interest

Make sure your arranged overdraft is enough to allow us to make all payments. If your balance goes overdrawn, we won't charge overdraft interest if you bring it back into credit on the same day. You can do this by transferring money from another personal account you have with us through:

- our mobile banking app
- online banking
- telephone banking, or
- by paying in cash directly over the counter at one of our branches.

The information in the sections 'Charges for using your card' and 'Other services' applies to personal current accounts and savings accounts. This applies if your savings account offers the relevant card or service.
