Guidance notes

This form can be used to make changes to the Authority of the business/organisation named below (you). Your Authority is where you told us who has permission to provide instructions to us relating to your accounts and services and to act on behalf of your business/organisation.

You must have the correct signatories to make this change.

If you do not currently have sufficient signatories to authorise this request, you must provide a Board Resolution/Partnership Agreement, or other documentation whichever is relevant to your business to confirm your authority to vary or commence a new mandate.

You can also use this form to tell us about a change to the name of your business/organisation.

When you fill in this form, you are not creating a new Authority. You are making a change to your existing Authority. Other than the changes you ask for, everything about your existing Authority will remain in place.

There are separate forms for where one of your existing signatories has changed their name (e.g. following marriage) or address. Please ask us if you need a copy of one of those forms instead.

The Instruction to vary your Authority has six sections:

- **Section 1** gives details of your business/organisation.
- **Section 2** tells us what kind of change you want to make.
- **Section 3** gives us more details about the change you want to make.
- **Section 4** confirms who has authority to provide instructions to us and take other actions and shows which controls you have set for those people.
- **Section 5** is where you, as a business/organisation, need to approve and sign the Instruction to vary your Authority.
- **Section 6** is where you, as a business/organisation, provide us with information on the **new** Key People relating to your business/organisation.
- **Section 7** contains your declarations.
- **Section 8** tells you how and where to return a copy of this form once completed.

Please fill in all of the sections which are relevant to your business/organisation using capital letters and crossing the boxes.

3.3 Addition of signatory or other individual

You authorise the people listed in this section to act on behalf of your business/organisation. Instructions given to us by the people you authorise below will be binding, as long as they are in line with the powers that type of signatory has and any signing rules you set below.

This section will amend the section covering authorisations and signing rules in your existing Authority to include new signatories and signing rules that you provide here.

Important: If you use online banking, you set up separate permissions and controls which may differ from the ones in the Authority. You can find more details about those permissions and controls in online banking. We encourage you to regularly review your permissions and controls in online banking. Changing your Authority does not change any of the permissions and controls you have already set up in online banking. This is unless you remove a signatory listed in your Authority – if you do that, we'll also remove them as a user in online banking.

Example: You authorise someone who isn't listed below to give us instructions in online banking. If you have done that, we'll act on instructions given using online banking from that person, even though they are not listed below.

Example: You put a control in place in online banking which says that an authorised signatory can make payments of £1,500. That limit will only apply when they are using online banking.

What is a Beneficial Owner?

A **Beneficial Owner** is an individual who owns or controls the business or organisation. Typically, someone who is a shareholder. Or, in the case of a Partnership, a Senior Partner.

For **Trusts**, this is any individual who has control over the trust, in whose main interest the trust is set up or operates, or who is entitled to at least 25% of the trust's assets.

What is a Full Signatory?

Full Signatories have authority to take all actions and give instructions in relation to your accounts and services, though they can only act in line with any signing rules you set below.

You must always have at least one individual who is appointed as a Full Signatory across all accounts.

Important: Different signing requirements will apply sometimes. For example, a person with personal responsibility to repay any borrowing may need to apply for borrowing, and each person responsible for the borrowing may need to sign the loan documentation. If there are extra or different signing requirements, we'll tell you at the time.

What is a Limited Signatory?

Limited Signatories can make payments, talk to us about your accounts and use online banking (if you have set them up to use online banking), though they can only act in line with any signing rules you set below.

4 Changing your authorisations

By completing this section you are confirming the signing rules on your account(s).

This confirmation will replace your existing Authority in relation to how signatories can operate the accounts.

Important: The signing rules don't apply to viewing information or discussing your accounts and services – any Full Signatory can do this acting alone.

Important: The signing rules for non-payment instructions apply to tasks like opening accounts, changing who can access your business accounts or applying for new products and services. Full Signatories can approve these tasks. Keep in mind, users with full access to online banking can complete certain tasks by themselves. For example, they can change the business address or manage online and paper preferences.

Important: The rules you choose below don't apply when using online banking. You must set up separate online payment controls in online banking.

4.1 Signing rules

Please note: if either signing rules for non-payment or payment instructions is left blank, the existing signing rules for that instruction on the mandate will be maintained.

Important: Full Signatories or Limited Signatories can approve payment instructions. Full Signatories can approve non-payment instructions.

Important: If you select "Any 1 to sign", signatories will be able to act alone without any restriction and without the knowledge of the other signatories or other directors/partners/members.

TRUSTS ONLY: If you are a trust, "All to sign" must be selected unless a solicitors' letter is provided confirming that "Any 1" or "Any 2" can sign.

Please choose one signing rule per instruction:

	Signing rules				
	Any 1 to sign	Any 2 to sign	Any 3 to sign	All to sign	*Complex

Signing rules for non-payment instructions	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

*If you'd like to set up panels or specific signing rules for either non-payment or payment instructions, please also complete the 'Your instruction to set up Complex signing rules' form number 14113.

4.2 Change the authority of existing signatories

Use this section to amend the authority of existing signatories e.g. to change from Full Signatory to Limited Signatory, or from a Limited Signatory to Full Signatory. Please make sure that there are enough Full or Limited signatories to support the signing rules that are either to be maintained on the account or that have been amended in section 4.1.
