LLOYDS BANK

Open Banking – a quarterly report

What can this report tell me?

This report is a good way for you to see how we're performing in Open Banking for our Business customers who use Online 4 Business.

We'll usually publish it four times a year and it will help you to see:

- how long all of our online services are up or down (otherwise known as 'uptime' or 'downtime').
- how long all of our online services take to respond to each and every request.
- how frequently we have errors that mean that other websites or apps can't talk to our systems.

Why do we publish this?

We do this, because both the European Banking Authority and the Financial Conduct Authority want to make sure that you're getting the best possible service – as do we. This means that each and every financial provider in Open Banking needs to publish the same types of data.

How can I find out more about Open Banking?

To find out more about what we offer and how we're doing it, take a look at our Open Banking pages.
