Figures at a glance

Financial Strength 2024

- Our Group loan to deposit ratio now stands at 95% compared to over 154% in 2010. This has resulted in a lower wholesale funding requirement. A significant improvement in this measure is a result of the growth in customer deposits and the reduction in non-core assets.
- Our Group customer deposits now stand at £483 billion, reflecting continued inflows to our trusted brands.
- Our balance sheet position stays among the strongest of our major banking peers worldwide – a Common equity tier 1 ratio of 14.20%.
- Group net income was at £17.1 billion for 2024 (13.50% pro-forma for announced buyback).

<sup>1</sup> Credit Default Swap Spread in euros. A credit default swap is a type of credit derivative. It’s an arrangement whereby the credit risk of an asset is transferred from the buyer to the seller of protection. The entity selling protection receives premium or interest-related payments in return for contracting to make payments to the protection buyer upon a defined credit event (for example bankruptcy or downgrades by a rating agency).

Eligible deposits with us are protected by the Financial Services Compensation Scheme (FSCS). We are covered by the Financial Ombudsman Service (FOS).

Please note that due to FSCS and FOS eligibility criteria not all business customers will be covered.
