Account Name: Commercial Instant Access Account

What is the interest rate?

It's a variable rate, as shown in the table below.

Balance	AER %	Gross %
£10,000,000+	1.41	1.40
£1,000,000+	1.34	1.33
£250,000+	0.75	0.75
£100,000+	0.75	0.75
£50,000+	0.75	0.75
£1+	0.75	0.75

Your interest is calculated daily and paid monthly.

Can Lloyds change the interest rate?

Yes. As this account pays a variable rate of interest the rate can change over time. The bank will take into account a number of factors in determining rates at any given time, for example we might review the interest rate if the Bank of England Bank Rate changes. We'll always let you know of any planned changes to the rate. Our terms and conditions explain when and how we do this.

What might the future balance be?

Below is an example of what the future balance might be, after interest has been paid. These projections are provided for illustrative purposes only and do not take into account the individual circumstances of the customer.
