Our Private Banking Service offers eligible customers:

- Higher limits for customer transfers.
- Access to Internet Banking and a Private Banking Service Centre for convenient day-to-day transactional banking.
- Support over the phone from our team 24 hours a day, 7 days a week, 365 days a year**.

Our Mayfair Private Banking Service offers eligible customers the following additional levels of service:

- Face-to-face relationship with a Private Banking Manager who is well versed in dealing with your unique circumstances.
- Exclusive products that offer preferential rates and rewarding benefits available only to Mayfair Private Banking customers.
- Access to currency and non-personal accounts.

* You must be 18 years old or over to apply for an overdraft. All overdrafts are subject to our assessment of your circumstances, and are repayable on demand.

** Please note, not all Telephone Banking services are available 24 hours a day, seven days a week. There may be limits on payments you can make and we may not be able to start processing all payments instructed out of normal banking hours.

The **Private Banking Service** is available to customers with £250,000 or more in savings and/or investments with Lloyds Bank or a mortgage of £750,000 or more with Lloyds Bank excluding personal pensions and property. The **Mayfair Private Banking Service** is available to clients with £2 million or more in assets or an annual income of £500,000 or more.

In addition to our relationship-led banking experience, as a customer you will also benefit from personal introductions to our specialist partners for our Wealth Services listed here and over the following pages.

▶ **Deposits/Cash Management Services**

Alongside your Private Banking current account, we suggest that our customers maintain a Private Banking savings account. That way whenever you wish to move money into a deposit account, you have an account open and ready to use. Your relationship manager can help you to transfer one off amounts in to your deposit account, or you can choose to do this yourself through our online banking service. We also offer a cash sweep service between the two accounts, enabling you to set a daily limit on how much money you keep in your current account whilst the rest earns more interest in your savings account.

▶ **Personal Tax Service**

Tax can be complex and time-consuming – but it must be right. That’s why we provide access to leading tax experts, Ernst & Young LLP (EY). They can complete your tax return for you, avoid penalties and make use of your legitimate exemptions. They will ensure you pay the right amount of tax, as well as providing insightful expertise on broader and longer-term tax considerations.

▶ **Will Writing**

Making and keeping a Will up-to-date is the only legal way to ensure your wealth is passed on to your family and friends or charities close to your heart after you die. Our specialist partners also provide a Lasting Power of Attorney service. You will have the option to appoint Lloyds Bank plc as your executor.

The Will Writing Service is provided by the law firm, Hugh James, for customers living in England and Wales, and Brodies LLP for customers living in Scotland.

Specialist Lending

Your requirements can be the result of life events or lifestyle decisions, from starting a family to making a career move or wider investment, and from a windfall to a family bereavement.

We offer a variety of flexible short, medium and long-term lending solutions that are individually tailored to help customers raise money for their personal needs. To give you an idea of just some of the options available, we can help with the following services:

- Overdrafts for short-term funding.
- Residential property purchase including high value mortgage and guarantor loans.
- Bridging finance.
- Investment property portfolios (up to 10 properties).
- Self-build residential property development finance, including staged lending for projects to build or refurbish your home.
- Inheritance Tax lending.
- Raising finance for wider investment purposes.

How much we lend, the period and rate available are subject to our assessment of the borrower's circumstances. Specific eligibility criteria and conditions apply for certain types of lending. The borrower must be 18 or over and a UK resident to apply. Lending is subject to status and application. Security may be required. Overdrafts are subject to status and repayable on demand.

YOU COULD LOSE YOUR HOME IF YOU DON'T KEEP UP YOUR MORTGAGE REPAYMENTS.

Our **Specialist Lending Service** is available to anyone with a sole income of at least £100,000 or £250,000 or more in savings and/or investments excluding personal pensions and property. Our lending team can only deal with UK based lending requests. Fees and charges apply.

By using our experts to individually assess your requirements and address any challenges, we aim to ensure you get the solution you need. With our dedicated team, you will have access to a bespoke lending service that tailors borrowing to your individual circumstances, taking into account your full net worth.

- No two proposals are ever the same; we work to understand your needs and shape the solution to suit.
- Our lending decisions take into account varying aspects, such as your overall wealth, income, the viability of the proposal along with its affordability and sustainability.
- We offer flexible repayment options built around your income and planned asset disposals.
- Pricing reflects the specific proposal details.
- We can lend on an interest only or capital and interest repayment basis.

Private Banking customers can still benefit from a standard lending product where this is appropriate to their needs and we can support with that.
