

Alderney branch is closing soon

Following an in-depth review, this branch will close on 9 December 2022

Background and decision - Like many other high street businesses, we've seen people using our branches less frequently in recent years as more customers choose to do most of their everyday banking online. We're responding to the way our customers use our branches. We'll continue to invest in our branch network, but we have to make sure our branches are where customers need and use them most. As a result, we've made the difficult decision to close this branch because customers are using it less often. In addition, the majority of customers are also using alternative ways to bank.

What this means for you - We appreciate when we close the Alderney branch our nearest alternative branches will be in Guernsey - which means you may need to change how you bank with us. We understand it would mean a plane or ferry trip if you wanted to visit us. So if there's something specific you do in branch, please contact us and we'd be happy to talk about other possible ways of doing this. For a short period of time after the branch closes we also plan to have a Community Banker visit Alderney. They'll offer a period of extra support and guidance on the ways you can bank with us.

How we made our closure decision

When we close a branch, we complete a detailed impact analysis which includes:

- How customers are choosing to bank with us
- How often customers use the branch and how that usage is changing. This includes looking at trends in the year and previous years
- Current services available in the branch and the branch opening hours
- Assessment and check of alternative ways to bank including their proximity and accessibility – this is confirmed by a visit
- Assessment of public transport, availability and frequency
- Assessment of Broadband availability
- Impact on our customers including those who are vulnerable or may need additional support

By regularly reviewing our branches we can make sure we respond to our customers' changing needs.
