

Before we made the decision to permanently close the Cheddar branch we carried out a thorough review to understand what impact a branch closure would have on both customers and the wider community.

Communicating this change to customers

We are committed to the Access to Banking Standard and observe the requirements of the Financial Conduct Authority – 'FG 20/3: Branch and ATM closures or conversions'. This means we took a range of factors into account before we decided to close the branch, and these are outlined in the Closing Branch Review – Part 1 document, which we published when the closure was announced. You can view it at lloydsbank.com/branchclosures

After talking to branch colleagues, we wrote to customers of the Cheddar branch to let them know about the closure. In the event of a branch closure, we will always give customers at least 12 weeks' notice, and in many cases even longer. This means they've got plenty of time to consider their options.

We displayed a poster in branch notifying customers of the closure and staff spoke to customers about other ways to do their banking, including PhoneBank, Mobile and Internet Banking, as well as visiting the Post Office. We made customers aware of alternative branches and free ATMs nearby. We also let them know that a Community Banker will be visiting the area for a short period of time after the closure. Find out more in this Review.

The feedback we received and what we did

- A number of regular customers were upset that the branch is closing. We spent time with customers to understand their individual circumstances and supported them by explaining the most suitable banking options for them depending on the transactions they usually made. This included helping set up online and telephone banking as well as explaining what services were available at the Post Office.
- We met with James Heapey MP to discuss the closure, access to cash and providing a new Community Banker.

What we have done to help make the change smoother

- We proactively called our identified vulnerable customers to ensure they were aware of the closure, the alternatives available to them and provide any help and support required.
- We have partnered with 'Digital Helpline' who offer free one to one guidance over the phone to support customers to use the internet for banking. Customers with an identified need for this service have been provided with contact details enabling them to get free support.
- Our colleagues at Cheddar branch have been given the support they need to have in-depth conversations with our customers, especially those in vulnerable circumstances, about how we can help them.

The Cheddar branch will close permanently on 9 January 2023

This follows engagement with customers and the local community.
