? How we made our decision

Before we close a branch, we carefully consider and analyse how customers will be affected, including:

- How customers are choosing to bank with us
- How often customers use the branch and how this is changing. Including looking at trends in the year to November 2023 and the four previous years
- Current services available in the branch and the branch opening hours
- Visiting the branch to consider the location and understand the alternative ways to bank in the area
- Assessing the local transport services, and how often they run
- Reviewing the broadband availability in the area
- How our customers including those who are vulnerable or may need additional support would be affected
- We've shared our plans to close this branch with LINK who have independently assessed the access to cash needs of the local community on behalf of the Cash Action Group.
