### Why we're closing this branch

Before we close any branch, we look at how our customers are managing their money and using the branch. Most customers are now using our Mobile Banking app, Internet Banking or calling us instead. This means they are using branches, including our Newland Avenue Hull branch much less.

Because of this, we'll be closing our Newland Avenue Hull branch. We'll explain more about how we made our decision, and how customers are using this branch on the following pages.

### We're here to help and support you

Branch colleagues will support you to get started with our Mobile Banking app and Internet Banking.

There's more information in this review about the other ways you can do your banking. We've included details of the nearest alternative Lloyds Bank branches, Post Office®, cash machines (ATMs) and other ways to pay in or withdraw cash.

The Quick Guides summarise all the available options for your banking tasks. There's also information about the Access to Cash Review from LINK and how to request one.

A Banking Hub is also planned for this area and you'll be able to use it to do your everyday banking. Our Community Banker will visit this area, so you can come in to talk to us. They can support you with banking online and can also provide help with making payments and other account enquiries.

# ? How we made our decision

Before we close a branch, we carefully consider and analyse how customers will be affected, including:

- How customers are choosing to bank with us
- How often customers use the branch and how this is changing. Including looking at trends in the year to November 2023 and the four previous years
- Current services available in the branch and the branch opening hours
- Visiting the branch to consider the location and understand the alternative ways to bank in the area
- Assessing the local transport services, and how often they run
- Reviewing the broadband availability in the area
- How our customers, including those who are vulnerable or may need extra support would be affected
- We've shared our plans to close this branch with LINK who have independently assessed the access to cash needs of the local community.
