## ? How we made our decision

Before we close a branch, we carefully consider and analyse how customers will be affected, including:

- Current services available in the branch and the branch opening hours
- Visiting the branch to consider the location and understand the alternative ways to bank in the area
- Assessing the local transport services, and how often they run
- Reviewing the broadband availability in the area
- How our customers including those who are vulnerable or may need additional support would be affected
