

Closing Branch Review (Part 1) – Whitley Bay branch

LLOYDS BANK

Following an in-depth review, this branch will close on 13 November 2024

Background and decision - The world is becoming more digital than ever before and more of our customers are doing their everyday banking online. With more customers banking digitally, we've seen a fall in branch visits. Because of this, we've decided to close this branch.

What this means for you - We're still here to support you and there's a number of ways you can do your everyday banking with us - online, on your mobile, over the phone or at a Post Office®. You can use any of our branches and the nearest alternative is the North Shields branch. Read on to find out more, and for a summary of our review. Following engagement with the local community, an overview of the feedback we receive will be given in our Closing Branch Review Part 2.

How we made our closure decision

When we close a branch, we complete a detailed impact analysis which includes:

- How customers are choosing to bank with us
- How often customers use the branch and how that usage is changing. This includes looking at trends in the year to July 2023 and the four previous years
- Current services available in the branch and the branch opening hours
- Assessment and check of alternative ways to bank including their proximity and accessibility – this is confirmed by a visit
- Assessment of public transport, availability and frequency
- Assessment of Broadband availability
- Impact on our customers including those who are vulnerable or may need additional support
- We've shared the closure plans for this branch with LINK who on behalf of the Cash Action Group have independently assessed the access to cash needs of the local community

By regularly reviewing our branches we can make sure we respond to our customers' changing needs.
