

Closing Branch Review (Part 1) – Ystradgynlais branch

LLOYDS BANK

Following an in-depth review, this branch will close on 19 September 2023

Background and decision - Like many other high street businesses, we've seen people using our branches less frequently in recent years as more customers choose to do most of their everyday banking online. We're responding to the way our customers use our branches. We'll continue to invest in our branch network, but we have to make sure our branches are where customers need and use them most. As a result, we've made the difficult decision to close this branch because customers are using it less often. In addition the majority of customers are also using alternative ways to bank.

What this means for you - You can use any of our branches and our nearest alternative is the Pontardawe branch. You can also use a Post Office® for your everyday banking. And after the branch closes we'll have a Community Banker visit this area. They can offer support and guidance on the ways you can bank with us - find out more in this document. We're still here to support you, and there's a number of ways you can bank with us. Read on to find out more, and for a summary of our review. Following engagement with the local community, an overview of the feedback we receive will be given in our Closing Branch Review Part 2.

How we made our closure decision

When we close a branch, we complete a detailed impact analysis which includes:

- How customers are choosing to bank with us
- How often customers use the branch and how that usage is changing. This includes looking at trends in the year to October 2022 and the four previous years
- Current services available in the branch and the branch opening hours
- Assessment and check of alternative ways to bank including their proximity and accessibility – this is confirmed by a visit
- Assessment of public transport, availability and frequency
- Assessment of Broadband availability
- Impact on our customers including those who are vulnerable or may need additional support
- We've shared the closure plans for this branch with LINK who on behalf of the Cash Action Group have independently assessed the access to cash needs of the local community

By regularly reviewing our branches we can make sure we respond to our customers' changing needs.
